PROFILE

Hello! I'm Prakash Mishra, a passionate Frontend Developer from India. I have completed my **Bachelor of Computer Applications (BCA)** from **Chaudhary Charan Singh University, Meerut**. I enjoy creating beautiful and responsive websites using HTML, CSS, JavaScript, and React.js.
I have built multiple real-world projects like an e-commerce website, portfolio, QR code generator, and a book-selling platform. I focus on clean design, smooth animations, and mobile-friendly layouts. I'm always excited to learn new tools and grow as a developer.

SKILLS

- HTML
- REACT JS
- RENDER
- CSS
- GIT & GITHUB
- NETLIFY
- JAVA SCRIPT
- C/C++

PROJECTS

PORTFOLIO 🔗
My Professional Snapshot in One Page
Designed and developed a personal portfolio using React.js. It includes my introduction, skills, projects, resume, and contact form. The website is responsive, animated, and built to showcase my frontend development work.

MINILIBY 🔗
A Mini book store
I built a fully responsive **Book Selling Website** using **React.js**, **CSS**, and **JavaScript**. The website allows users to browse best-selling books, view details, and add books to their cart. The cart page shows book quantity, total price, shipping charges, and supports increasing/decreasing quantity.
